

SUDDEN CARDIAC ARREST (SCA) KILLS 100,000 MEN,
WOMEN AND CHILDREN EVERY YEAR IN THE UK.

AEDDONATE IS A CHARITY DEDICATED TO HELPING
COMMUNITIES TO GAIN ACCESS TO
AUTOMATED EXTERNAL DEFIBRILLATORS (AEDS)

To place a defibrillator within your community, we will work alongside you to raise **£1,375** for an internal AED, or **£1,999** for an AED and external cabinet. We are able to offer this fantastic inclusive quote as part of our close relationship with many AED manufacturers.

YOU WILL GET HELP FROM

- Your own dedicated Project Manager available to help you during your fundraising campaign
- Your own dedicated online fundraising page for the duration of the campaign
- Your own organised raffle with prizes donated by local businesses
- Your own cash-back donation portal using Give as you Live- raise funds by shopping online!
- pre-organised events for individual fundraising champions join, such as parachute jumps and fun-runs
- Donation-loaded vouchers from your local businesses
- Your own fundraising pack, fully-loaded with resources to kickstart your campaign
- Social media and press coverage throughout your campaign

Registered Charity No. 1162634

OUR CHARITY GOAL

Our charity provides fundraising campaigns to supply vital AEDs to communities. We have a large portfolio of successful campaigns, and we are here to help your community to achieve its fundraising target. You will have your own dedicated Project Manager who will work closely with you to help you every step of the way, as well as all resources that you might need- including posters specific to your campaign, charity buckets, raffle prizes, help from local business and much, much more.

After completion of your campaign and where applicable, we will also try to provide training to give you confidence in your new AED.

By working alongside us to fundraise, you will receive:

For an internal AED:

£1,375

- Physio Control CR+ or iPAD NF1200 AED
- Backing board thanking donators
- Internal wall bracket for storage
- Registration, maintenance and replacement of AED if lost, damaged or stolen
- A full "Rescue-Ready" kit

For an External AED:

£1,999

- everything included with internal (excluding wall bracket), plus:
- Temperature-controlled, vandal-proof external storage cabinet
- Full installation
- Entry on emergency services database, allowing AED to be accessed 24/7
